JAMES THOMASON BUILDING

### TEAM NCC IIT ROORKEE

### UNITY AND DISCIPLINE

## About NCC IIT Roorkee

The National Cadet Corps (NCC) unit at IIT Roorkee offers students a unique opportunity to develop their character and leadership skills. Backed by the Indian Army, the NCC program instills discipline, teamwork, and a sense of unity in cadets. Led by the Dean of Students Welfare, the NCC conducts various activities throughout the year. These include Guard of Honour duties, sports tournaments, firing practice, and training camps. These activities not only expose cadets to military life but also foster a spirit of camaraderie and discipline. The NCC goes beyond military training. They also organize social service initiatives like plantation drives, cleanliness campaigns, and awareness programs. These activities nurture a sense of social responsibility in cadets, making them well-rounded individuals committed to nation-building. With over 420 active members, the NCC unit at IIT Roorkee is a vibrant community guided by their Commanding Officer. Their motto, "Unity and Discipline," perfectly captures the essence of the program's goals and culture.

## Team Description

For the session 2023-24, the team consists of:

- **Faculty Advisor:** Dr. Diptimayee Nayak
- **ANO:** Dr. Inderdeep Singh and Dr. Mukesh Bhardwaj
- **General Secretary:** Mr. Hardik Sahni
- **Deputy General Secretary:** Mr. Himanshu Ranjan
- **Joint Secretary Operations:** Ms. Anshu Khoker and Mr. Rishabh Kosta
- **Joint Secretary Events:** Ms. Kumkum Meena and Mr. Kushagra Panjwani
- **Joint Secretary Design:** Mr. Dhiraj Kumar and Mr. Gaurav Byadwal
- **Joint Secretary Editorial:** Mr. Harsh Kumar
- **Joint Secretary Web-Development:** Mr. Aman Shrivastava and Ms Bhoomi Bonal

**Executives:** 29

**Volunteers:** 53

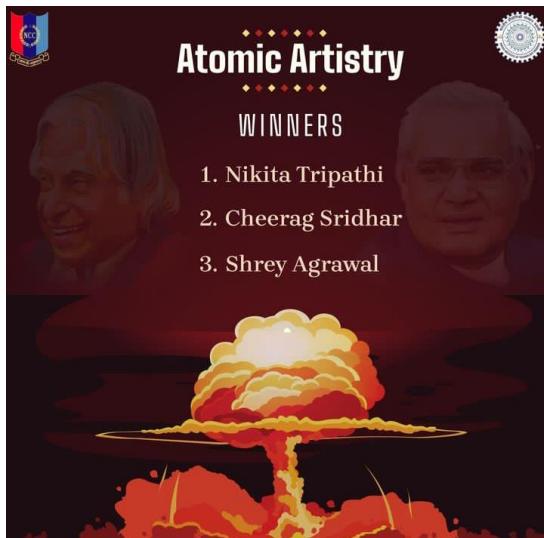

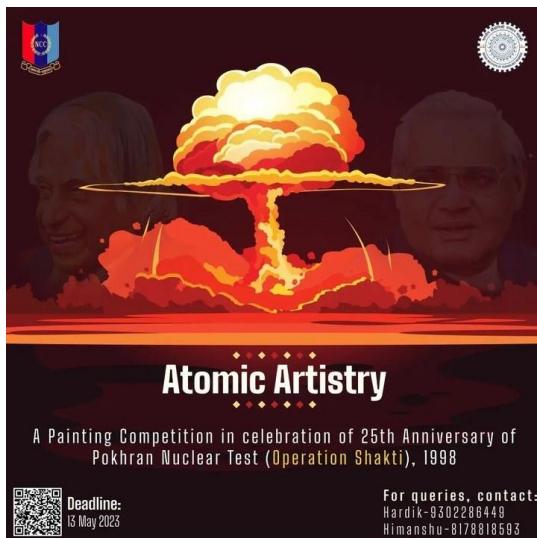

**Cadets:** 420

## Annual Report NCC Team IIT Roorkee

### Atomic Artistry (12<sup>th</sup> May 2023)

On May 12<sup>th</sup>, in commemoration of the 25<sup>th</sup> anniversary of the historic Pokhran II Nuclear Test, which solidified India's status as a Nuclear State on the global stage, NCC orchestrated a campus-wide painting competition titled, 'Atomic Artistry'. This event served as a platform to reflect on the multifaceted implications of nuclear energy, under the theme, 'Peaceful use of Nuclear Energy for the development of the nation'. By encouraging participants to delve beyond the obvious narrative of nuclear power solely as a destructive force, the competition aimed to stimulate contemplation among the youth regarding its potential for positive contributions, such as energy generation, towards national progress.

The left photo displays the poster for the Atomic Artistry event, while the right photo showcases the event's results announcement.

### Flood Relief Donation Drive (18<sup>th</sup> July 2023)

On July 18<sup>th</sup> and 19<sup>th</sup>, NCC orchestrated a heartfelt donation drive that extended across the campus and neighboring areas, aiming to offer vital support to families suffering in the aftermath of the July flash floods. These floods wreaked havoc on approximately 30-40 villages encircling Haridwar and Roorkee, leaving devastation in their wake. In our efforts to aid these communities, we distributed essential supplies including food, clothing, and medicine, while also attempting to instill a sense of hope amidst the despair.

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

The left photo features packages of clothes and medicine prepared for distribution at the flood relief site, while the right photo shows the team ready to depart for the site, standing alongside the truck.

## Tree Plantation in collaboration with Institute Works Department and Green Committee (13<sup>th</sup> August 2023)

On August 13<sup>th</sup>, NCC, Institute Works Department, and the Green Committee joined forces on August 13<sup>th</sup> for a tree planting event. This collaboration aimed to promote nature appreciation within the campus. Volunteers from various backgrounds planted saplings around the ABN Ground, symbolizing environmental commitment and inspiring a connection with nature for future generations.

Photos depict the NCC team volunteers conducting a plantation drive at the ABN ground stage site in front of MAC Building.

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

## Guard of Honour on Independence Day (15<sup>th</sup> August 2023)

On August 15<sup>th</sup>, as is tradition every year, on the occasion of Independence Day, NCC cadets proudly conducted the Guard of Honour march in front of the director. Under the command of SUO Neetu, the parade was flawlessly executed, with support from UO Kanwar Anmol Singh, UO Aman Kumar, and UO BD Sri Shanmukhini, leading a contingent comprising 30 boys and 25 girls. The ceremony started with a general salute to the director, followed by a meticulous inspection of the parade, culminating in the unfurling of the national flag by the esteemed chief guest, amidst stirring cultural performances by students from IIT Roorkee and ABN Senior Secondary School.

The left photo captures the Chief Guest, Director IIT Roorkee, inspecting the troop, while the right photo shows the Samman Guard lined up for the general salute procedure on Independence Day.

## Orientation-cum-Introductory Talk (18<sup>th</sup> August 2023)

On August 18<sup>th</sup>, 2023, the Chemical Auditorium at IIT Roorkee buzzed with excitement as it hosted the NCC's introductory session for the incoming B.Tech. batch. Mr. Hardik Sahini, General Secretary of Team NCC, led the hour-long session, drawing a crowd of over 300 eager students. The informative session delved into the rewarding world of NCC, providing a comprehensive overview of cadet life. From rigorous training programs and participation in prestigious Guard of Honour Ceremonies to drills, official visits, and regular classes, the session showcased the diverse opportunities NCC offers. The overwhelming response from the new batch was a testament to the captivating nature of the session and the NCC's enduring appeal at IIT Roorkee.

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

In the Intro Talk session, students stand for the national anthem on the left, while on the right, the audience engaged with NCC curriculum through a presentation.

## Cadet Bharti [Recruitment] (20<sup>th</sup> August 2023)

On August 20<sup>th</sup>, the NCC held a sign-up event for new members at the LBS Stadium. It started early in the morning. Students who wanted to join NCC gave their documents to the staff and had a quick health check. To see how fit they were, there was a short race. Senior Division (SD) students ran 400 meters, and Senior Wing (SW) students ran 100 meters. By the end of the day, a total of 155 students signed up for SD and 54 for SW! This marked the official beginning of their NCC journey and all the exciting activities that come with it.

In the NCC Bharti program, the left photo captures the physical test, while the right photo depicts students taking the written test for the 2023-24 batch.

## Cadet Classes (September-November 2023)

Classes for cadets started on 27<sup>th</sup> September 2023. Theoretical classes are being held regularly every Wednesday from 04 PM to 06:15 PM in the APJAK block, while the practical classes are being conducted at the unit besides Kasturba Bhawan.

On the left, theory sessions complement cadet training, while on the right, physical training sessions bolster practical skills.

## Swachhata Hi Sewa (1<sup>st</sup> October 2023)

In a great effort to promote cleanliness, IIT Roorkee organized a special event called the "Swachhata Hi Sewa Campaign." This initiative, supported by the government's Swachh Bharat Mission, aimed to involve everyone in keeping our surroundings clean. Students from IIT Roorkee, led by groups like NCC, UBA and NSS, joined hands for this cause. They focused on two villages, Meerpur and Puranpur, on 2<sup>nd</sup> October 2023. The day started with 160 students gathering at the ABN Ground. Prof. K K Pant, the Director of IIT Roorkee, and Prof. U.P. Singh, the Deputy Director, were among the organizing people. The activities included setting up compost beds in Meerpur to turn kitchen waste into useful fertilizer. Students also painted beautiful designs on walls in the villages. In Puranpur, there was a poster-making competition about cleanliness. These activities aimed to make people think about the importance of keeping their surroundings clean.

## Cleaning Near Library (2<sup>nd</sup> October 2023)

NCC spearheaded a cleanliness drive near the Mahatma Gandhi Central Library on Gandhi Jayanti. The initiative aimed to honor Mahatma Gandhi's legacy and promoted cleanliness on campus. Activities centered around cleaning the library steps, fountain, and statue, enhancing the area's appearance. This event reinforced the values of civic responsibility and community engagement. The drive's impact was significant, contributing to a cleaner environment.

## Blood Donation Camp (8<sup>th</sup> October 2023)

On October 8<sup>th</sup>, a blood donation camp was organized at the Student's Activity Centre, NCC rallied students and staff for this noble cause. The primary objective was to address the pressing need for blood donations and foster a culture of altruism within the campus community. Participants showed immense enthusiasm in donating blood, thereby significantly contributing to the health and well-being of the community. The camp was meticulously planned, ensuring a seamless and efficient process throughout. From the collection of blood units to ensuring donor safety and providing adequate refreshments, every aspect was handled with precision and care. This well-executed event not only facilitated blood donations but also emphasized the importance of community service and solidarity.

On the left, the main area of blood donation at SAC first floor is depicted, while on the right, the main registration and bed allotment desk which are fully controlled by girl cadets.

## Combined Annual Training Camp (27<sup>th</sup> November – 05<sup>th</sup> December 2023)

Combined Annual Training Camp, which was a significant event organized by the National Cadet Corps (NCC) in IIT Roorkee. CATC camps serve as platforms for cadets to undergo intensive training in a structured environment. This camp features NCC IIT Roorkee cadets and other cadets from nearby colleges in Haridwar District under the 3 UK CTR NCC Roorkee. The NCC's CATC Camp focuses on enhancing management skills and physical fitness among cadets through various activities. Most activities were conducted at ABN Ground, with a few at NCC Unit and Convocation Hall. The camp was organized from 27<sup>th</sup> November to 05<sup>th</sup> December 2023.

During camp, various activities were conducted, including:

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

On the left, the screenshot captures the opening address of the CATC Camp being covered by Dainik News, while on the right, winning cadets who participated in various activities at the camp are showcased.

**Master Drill and Parade Training:** - The NCC organizes Drill and Parade sessions to instill discipline, precision, and teamwork among cadets. These drills are different from the usual drills during cadet classes. Through rigorous training in drill movements, commands, and formations, cadets enhance their marching skills and uniformity. Participation in parades fosters leadership qualities and instills a sense of pride and professionalism. These activities are integral to developing the overall personality and military bearing of NCC cadets.

On the left, the photo depicts the march past training round, while on the right, the drill practice for the morning reporting at the CATC Camp is shown.

**Map Reading and Navigation:** - NCC organized map reading and navigation training which equips cadets with essential skills like map interpretation, compasses use, and terrain navigation. It enhances their ability to navigate unfamiliar environments, enhancing their preparedness and self-reliance. Special competition (Map Reading Nirikshan) was organised

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

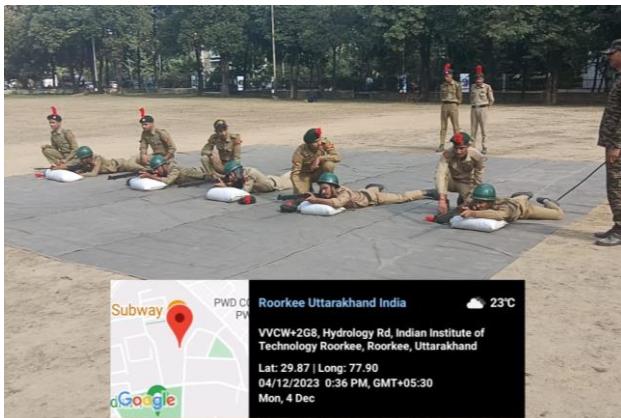

between several groups in which everyone had to detail out the maps with their correct placement at different locations throughout the competition.

On the left, cadets are seen participating in a Map reading session, while on the right, the ANO and PI staff team conduct a signboard and grid seminar, as depicted by the signboard in the photo.

**Weapon Training:** - NCC's weapon training involves basic handling and firing drills under supervision. Cadets learn safety protocols, marksmanship, and firearm maintenance. It instills responsibility, and a sense of patriotism while equipping cadets with essential skills for defense and national service. Special trainings were provided in the simulation room to each cadet for enhancing their skills and making them aware with the new technology in defense.

On the left, real weapon handling and laying activities are conducted at the main site, while on the right, simulation shots are provided in the simulation room to enhance the cadets' aiming skills.

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

**Obstacle course:** - A special cadet team was selected who were provided with the opportunity to visit the BEG for the special obstacle course training by the renowned trainers of the BEG. The obstacle course in NCC is a challenging physical training activity designed to test cadets' agility, strength, and endurance. Cadets navigate through various obstacles such as walls, ropes, overcoming barriers to reach the finish line. This activity fosters teamwork, determination, and mental resilience among cadets.

The series of four photos encapsulates various aspects of obstacle training for cadets. The first photo demonstrates 2-meter hurdle hopping skills, while the second depicts rope climbing for muscle building. The third photo showcases balance walking to assess mental stability before and after training. Finally, the fourth photo displays cadets climbing a wall in combined triplet formation, emphasizing teamwork. These exercises are integral to cadet development, enhancing physical fitness, coordination, and teamwork abilities crucial for their NCC roles.

Unity and Discipline

On the left, a photo captures the double jump during obstacle training, while on the right, the complete team selected for obstacle training poses with the instructor.

**Tent Establishment Competition:** The Tent Establishing Competition is one of the oldest competitions in NCC. In this event, cadets are taught to set up tent within a specified amount of time and to fold it back into a movable condition within another set time frame. This process involves placing the equipment in the correct alignment, orientation, and order. This competition is worth watching, and team coordination plays a crucial role. If coordination lags, the poles may get displaced, rendering the tent unsafe to use. Additionally, this is one of the main subjects in the C-Certificate course, carrying significant weightage in the practical exam.

The two photos depict the Alpha Company preparing their tent for the tent-establishing competition during CATC Camp.

Unity and Discipline

**NCC Cultural Day:** - Every NCC camp has a special Cultural Day where students get to show off their talents and share their cultures with each other. This camp's Cultural Day was a huge hit. There was music, acting, poetry readings, dancing, and even speeches. The performances ranged from patriotic and traditional to even some cool western stuff. It was a big crowd-pleaser, filling the auditorium with energy. But the most important thing about the Cultural Day was bringing everyone together. It was a chance to build friendships, learn how to work as a team, and get inspired to be a good citizen and help build a better India. The Dean of Student Welfare, Prof. Barjeet Tyagi, even came as the special guest! He talked about how much NCC meant to him and even shared stories from his own time in NCC all the way to when he got his C-Certificate.

The photos above are from the NCC Cultural Day. On the left, the photo shows the national anthem at the beginning, while on the right, participants of the event are captured in action.

**Sports Tournament:** - The NCC camp wasn't just about drills and discipline. They also had a bunch of fun sports competitions to keep everyone active and having fun. These games were more than just a way to pass the time. They helped cadets get fit, learn how to work together as a team, and even make new friends from different schools. Volleyball, football, tug-of-war, kho-kho, handball – these were just some of the exciting games the cadets got to compete in. The energy was high as everyone cheered each other on, pushing themselves to do their best. And to top it all off, the winners of each competition got prizes on the last day of camp. It was a great way to end the week, celebrating their teamwork and sportsmanship.

Unity and Discipline

The above photos are from the sports tournament of the CATC camp. On the left is the volleyball event, and on the right is the photo of the Tug of War event during the same tournament.

**Talk on cyber-crimes:** - A special talk on cybercrime and cybersecurity was organized during the CATC camp. This talk was given by a special guest from the police department, who described real-life situations and cases currently ongoing. He discussed how to manage stress and increase awareness of cybercrimes. The complete procedure regarding new crime networks in the country was discussed, along with strategies for tackling severe conditions and helping others through these phases. Special tactics were discussed for assisting victims, and methods for training the new generation to stay away from cybercrime were explored. Additionally, a specific procedure was outlined for training elderly individuals and increasing their awareness to avoid such issues.

The above photos are from the cybercrime security event conducted at Convocation Hall during the CATC Camp, led by a police officer.

**Marathon Training Drive:** - A Mega Marathon was organized during the camp with the primary aim of enhancing participants' running techniques and strategies for participating in large-scale running events. Each morning, cadets underwent training sessions in preparation for the final day run. The cadets' BMI was calculated, and efforts were made to improve it to the best possible level. Special running tactics were taught to enhance leg placement, and stamina-building sessions were incorporated into the training regimen. These sessions included PT sessions, physical training, body warm-ups, and other relevant activities.

The above photos are from the marathon training drive at CATC Camp. On the left is the photo of SD cadets, while on the right is the photo of SW cadets.

**Disaster Management (Fire Emergency Classes):** - The 3 UK CTR NCC Roorkee takes fire safety seriously during its CATC camp. Dedicated training equips cadets with the knowledge and skills to respond effectively. Firefighters lead seminars and hands-on sessions, teaching cadets the proper use of fire equipment like hoses and extinguishers. They emphasize aiming techniques and essential safety protocols. Training goes beyond extinguishing flames, covering fire prevention methods and crucial first-aid procedures. Learning how to maintain equipment to minimize fire risk is also a key component. This comprehensive program fosters a deep sense of responsibility for fire safety and disaster management within the cadets, preparing them to be valuable assets in any emergency. By equipping cadets with practical skills and knowledge, the CATC camp aims to foster confident and efficient responses to fire-related incidents, contributing to a safer community.

Unity and Discipline

The above photos are from the Disaster Management (Fire Emergency Classes). On the left, a photo depicts water cannon handling at the Fire Brigade top, while on the right, another photo shows the display of the fire extinguisher activity at the CATC camp.

**Battle Craft & Field Craft:** - The National Cadet Corps (NCC) recognizes the importance of battlefield survival and tactical skills. Their battle craft and field craft training equip cadets to thrive in harsh environments. This program focuses on key areas like camouflage techniques, where cadets master concealment using natural and artificial materials. Field navigation is crucial, so NCC teaches map reading, compass use, and celestial navigation. Building effective shelters for protection from elements and threats is another vital skill. NCC also dives into tactical maneuvers like formations for offense and defense, flanking techniques, and overcoming obstacles. To bridge theory and practice, live demonstrations on the ABN ground showcase real-world application of tactics. Witnessing formations firsthand helps cadets understand their role in battlefield success. This comprehensive program fosters both combat preparedness and self-reliance, building confident and capable future leaders.

The NCC camp wasn't just about learning drills. It offered a well-rounded experience. Classes dove deeper into NCC topics, and expert officers gave insightful talks. They even had meditation and yoga to help cadets stay calm and focused, which is important for any NCC member. But the camp wasn't all serious. They also had fun activities, like a special tour of the famous IIT Roorkee library and museum for visiting cadets. All these things together made the NCC camp an unforgettable and enriching experience.

## Team NCC Recruitment (January 2024)

NCC IIT Roorkee is organizing various activities, and we need to extend the team to accommodate those events. This year, a cohesive team across various verticals was recognized as crucial for effective operations and task execution.

The key requirements for a team in NCC include:

- Operations: - Organizational skills to manage logistics, resources, and schedules for NCC events, camps, and activities.
- Editorial: - Strong writing and editing skills to produce clear, accurate, and engaging content for publications, posts, and communication materials.
- Design: - Proficiency in graphic design software to create visually appealing materials such as posters, banners, and promotional materials.
- Web development: - Proficiency in web development languages (such as HTML, CSS) and content management systems to design and maintain the NCC website and as well as Knowledge of (UX) design principles to create an intuitive and user-friendly website interface.

# NATIONAL CADET CORPS, IIT ROORKEE

Unity and Discipline

- Multimedia (video editing): - Proficiency in video editing software to create high-quality videos for NCC promotional campaigns, training materials, and event highlights.

The requirement began on January 9<sup>th</sup>, 2024, and the final interviews were conducted on January 20<sup>th</sup>, 2024. The total team consists of 53 students.

Editorial: - 5    Design: - 11    Web development: - 14    Operations: - 20    Multimedia: - 3

Effective teamwork in NCC necessitates clear communication, collaboration, and a shared commitment to develop disciplined youth leaders. Each vertical plays a crucial role in advancing NCC's goals and promoting its values.

The left photo depicts the recruitment form for Team NCC 2024, while the right photo shows the result of the same.

## Guard of Honour on Republic Day (26<sup>th</sup> January 2024)

Every year on the occasion of Republic Day and Independence Day, cadets of the NCC give the guard of honour to the director. This year, on 26<sup>th</sup> January 2024, 65 cadets along with the pipe band Rajputana Rifles participated in the Guard of Honour (GOH). The parade was commanded by SUO Tejal Gudra. The event started with the cadets giving a general salute to

the director, followed by the inspection of the parade, flag hosting by the chief guest, and cultural performances. The program was commenced by the students of IIT Roorkee and ABN Senior Secondary School.

The left photo captures the Chief Guest, Director IIT Roorkee, inspecting the troop, while the right photo shows the Samman Guard lined up for the general salute procedure on Republic Day.

## Training and Classes for NCC Certification Exam (January-February 2024)

The team regularly held the training and classes for NCC cadets at 3 UK CTR NCC unit and lecture hall 401, APJ Abdul Kalam Block. The cadets were given all the knowledge and training over the syllabus topics such as map reading, weapon training, fieldcraft and battle craft, the structure of the Indian Army and NCC, Indian culture, Indian leaders, foot drill, and communication.

## B Certification Exam (10-11 February 2024)

The B certificate exam was held at Phase 1, Army Public School, Roorkee, on the 10<sup>th</sup> and 11<sup>th</sup> of February 2024. 19 SW and 26 SD cadets from IIT Roorkee took the exam among other cadets from 84 UK BN and 3 UK CTR NCC Roorkee. The practical exam on 10<sup>th</sup> Feb consisted of foot drill, map reading, weapon training, fieldcraft, and battle craft. The written exam, conducted on 11<sup>th</sup> February, included topics such as National integrity, weapon training, the structure of the Indian Army and NCC, map reading and communication.

## C Certification Exam (17<sup>th</sup> February and 3<sup>rd</sup> March 2024)

The C certificate exam was held on the premises of IIT Roorkee. Around 600 cadets from 3 UK CTR NCC Roorkee and 84 UK BN NCC Roorkee took the exam. The practical exam, conducted on 17<sup>th</sup> February, at Football ground IIT Roorkee, consisted of foot drill, map reading, weapon training, fieldcraft, and battle craft. The written exam, conducted on 3<sup>rd</sup> March at APJ Abdul Kalam Block, consisted of National integrity, weapon training, the structure of the Indian Army and NCC, map reading and communication. NCC IIT Roorkee also facilitated the live stream coverage of the exam to the Uttarakhand NCC Directorate, Dehradun.

## Food Donation Drive with Robin Hood Army (20<sup>th</sup> March 2024)

NCC IIT Roorkee, in collaboration with the NGO Robin Hood Army, organized a food donation drive at the IIT labor camp in village Bhangeri on 20<sup>th</sup> March 2024. The initiative saw the distribution of over 100 food packets containing essential nutrients, accompanied by soft toys for children. With the participation of 25 enthusiastic cadets from IIT Roorkee, the drive aimed to integrate the labor camp families into a more comfortable environment. It also sought to raise awareness among the cadets about resource management and optimal utilization. Moreover, a special interactive and entertainment session was organized for the children present, ensuring they had a joyful day and experienced the true essence of life. The event encapsulated a spirit of compassion and community engagement, fostering connections and sharing blessings within the local community.

These photos are from the food donation drive with Robin Hood Army. On the left, the NCC team is pictured with villagers, while on the right, cadets distribute food to children.
